

# God Is Growing Something Beautiful

## FAITH IN BLOOM ACROSS EASTERN EUROPE

February may be the shortest month of the year, but it has been overflowing with faith, growth, and powerful reminders that God is always at work. Across Eastern Europe, we have seen snowstorms, farewells, new beginnings, restored faith, and souls added to God's Kingdom. From Chişinău to Zagreb, from Sofia to Budapest, God continues to move through simple obedience, deep community, and hearts that are sincerely seeking Him.

In many ways, this month reminded us that spiritual growth doesn't always happen in comfortable seasons. Sometimes it grows in the middle of transition. Sometimes it grows in the cold. Sometimes it grows through goodbyes, challenges, and uncertainty. And yet, in every city, we have seen the same thing: when people seek God wholeheartedly, He responds.

We've watched prayers turn into Bible studies. Bible studies turn into decisions. Decisions turn into new life. We've seen faith restored, courage strengthened, and communities deepened. We've seen young ministries take steps forward in boldness and unity.

This month reminded us of something powerful: God does not ask for results, He asks for faith. And when faith is present, fruit follows. Here is what God has been doing across RevivEE 6.0.

## THE BEGINNING BENEATH THE ENDING

ALEXANDRA MICHÎȘOR

### Joy, Friendship, and Blessings

One of the highlights was a special event for sisters and guests, where we created mood boards for the year ahead. It was such a joy to spend time together, grow in friendships with our guests, and share laughter and creativity. Even the preparation for the event was a fun and meaningful experience! Sometimes, people may not feel very inspired about studying the Bible, but moments like this remind us that building friendships and connections is just as important. By spending time together and showing care, we can continue to encourage one another in faith and walk alongside our guests on their spiritual journey!

### God's Family in Bloom !

We are so happy to share that we now have a new sister in Christ — Valya! Valya and her husband are originally from Ukraine, but in recent years they were living in Poland. Last summer, they moved to Chișinău and began searching for a church. They found our church through Instagram and joined us for the first time at a Sunday service in July. From the very beginning, Valya showed a sincere desire to study the Bible and was open to learning more about God's Word. Week after week, she continued to seek, ask questions, and grow in her faith. It has been such a joy to walk alongside her and see how God has been working in her heart. On February 15, she made Jesus the Lord of her life! This is a powerful and life-changing decision, and we are so grateful to witness this moment. Glory to God!

### Not Goodbye, Just See You Soon

For the past four years, God has blessed Chișinău through Joakim and Anya. They have served faithfully, helped many people, and been a strong part of our community! Last week, we had to say goodbye to them. To honor their time with us, we held a special farewell event. It was amazing to see so many guests come to support them! Many disciples also shared about them, telling stories of their dedication and the ways they have impacted our community. It was a really inspiring for our guests to see the love, care, and support that exists in our group! We are very thankful for Joakim and Anya and everything they have done. We pray God continues to bless them in this new chapter of their lives and guide their future with Him !

## FRESH SNOW, FRESH FAITH

ANDREI GANE

### Friendships Across the World

Shortest month of the year becoming the longest harbinger of freshness in God’s kingdom and in... several feet of snow! Bucharest hasn’t seen such huge snowstorms and thick layers of snow for at least 7 years and that has built the faith of many people from the ministry. What also built our faith was the arrival of no less than 6 brothers and sisters from San Diego, Becca’s hometown! It was fantastic to have such a huge team that gets to share together the joy of finding future brothers and sisters throughout our city.

### Climbing Closer to God!

One of the guys that Jordan and Chris met, at the end of a Bible study, heard how Chris was talking about going to the climbing gym on Monday and he exclaimed how he always wanted to try out rock climbing! Yet he was supposed to go back to his hometown on Sunday, for the break after the exams. That did not stop him when he concluded that he’ll change his tickets for Tuesday instead - hence we got to spend a full day with him, partly climbing and, after, hanging out at a brother’s house. He is in love with the community and he seems to love God and that is truly faith building!

### Valentine’s Encouragement

For the Valentine’s Day, we organized a fun night at which the San Diego people got to participate alongside some visitors. We got to get to know each other better, share a meal together and dance salsa - mandatorily, no sister left home without a rose, from the behalf of the brothers. Overall this was a very uplifting and fun event!

## OBEDIENCE OVER OUTCOMES

DAVID COLE

God has really been growing our faith in Bulgaria. This last month we were able to learn, and grow in our faithfulness. We have had good lessons, been encouraged by amazing people, and remember that God is faithful, no matter the circumstances. God asks for obedience, not results.

### Teaching, Learning, Growing

We had a whole week of amazing teaching! Ed and Deb Anton came into town and did an amazing job in uniting our faith and building us up with great knowledge. They spent a week in Sofia and during that week they made sure to get time with everyone on the team, a lot of the church members, and they did a few lessons for the team as well. It was such an honor to have them, and it was a great time of being filled up.

We also had a teacher from London come through. His name is James, and he did an amazing job at teaching over the Holy Spirit, dating, and the proof of the resurrection. It really is a small world, though I didn't know James I didn't know his son. I met his son 10 years ago in Croatia on a volunteer trip. But James did an awesome job at teaching and really building our faith up.

### Friends From Sweden

We had a visitor come through from Sweden as well. He's friends with Lisa. Who's on the team. He's been doing a small Eastern European trip and was able to swing through Sofia for a few days. It is great having him here as we were able to show him around, introduce him to the church and have a good time with him.

## FROM CAMPUS TO KINGDOM

LYDIA HARE

### A New Brother - Bende!!

God has really been moving here in Budapest! Another soul has been saved and added to God's wonderful kingdom! Our new brother in Christ Bende was met on campus four months ago. He was searching for a community of believers, and when Nick asked if he would like to read the Bible, Bende didn't hesitate—he immediately said yes. From the very beginning, he was blown away by the community and the love people showed him, even though he was completely new. He felt loved and accepted from day one. During the Bible studies, Bende examined the Scriptures like a Berean, eagerly seeking truth and he decided to make Jesus Lord of his life!

### Snowboards & Skis!

At the beginning of February, Boty organized an awesome skiing/snowboarding event which was an incredible time to bond with some of the church members and just have fun. For some people it was their first time ever skiing or snowboarding and Boty used his skiing expertise to help teach those who didn't know how to ski. We also had a visitor join us as well as a kingdom kid who is not yet a disciple.

### Encouragement and Talents

The brothers here in the Next Gen group threw an amazing encouragement night for all the sisters! They did a wonderful job of sharing about each sister, cooked dinner for them, prepared some fun games, preformed a song for them and even taught them how to salsa! It was so great to see how God could use all the gifts and talents that these brothers have to really help encourage the sisters.

### Bible Talks Spreading Out

We have also officially started our new on campus bible talks with the local church members. There is one on the Buda side and one on the Pest side. Our goal is to encourage the local members in those bible talks to have their friends and classmates join us as well as doing cold contact reaching out. It has been a little bit of a challenge to find a time that works for everyone, but despite that God is still working and we have already seen a few visitors come out to join us!

## DIVINE APPOINTMENTS IN ZAGREB

BRIAN KELLY

### Times and Places

The biggest news concerns our friend Olexander who came to Zagreb from Lviv, Ukraine for the semester with the Erasmus foreign exchange program. Olexander became a disciple of Jesus several years ago in the church there but unfortunately wandered away from the faith and the Church for some time. We got connected with him and he began coming to church and our events consistently and went through “restoration” Bible studies. At his final midweek in Zagreb before he returned home to Lviv we were able to see him restored to God and the fellowship! What an amazing victory and blessing! We were sad to see him go but are so glad that God caused our paths to cross and that he will be returning not only to his home city but his home church as a faithful disciple!

### The Harvest is Coming!!

With the exam season over, many students have finally had the time to meet with us for coffee and to read the Bible and we have been doing our best to capitalise on this window! We have had more consistent Bible studies this month than any other so far on this RevivEE. Please keep us in your prayers that we can effectively and accurately communicate God’s GREAT news and that God will open up people’s hearts to receive it with sincere faith and repentance. Several people we are meeting with consistently are coming closer and closer! We hope that next month’s report will tell of a great harvest!

### Seeking and Finding

Our new Bible discussions have been fruitful, one in particular seeing several recurring guests who have been studying the Bible! One of these people is a guy who was invited just before one of our discussions. He was blown away by the invitation because he has been passionately seeking God, asking for God to send him a sign or someone to help him. He shared that he had recently been calling churches around the city inquiring about if they had Bible study programs for young people to which he consistently received the answer “no.” He had literally been sitting in a park thirty minutes before we ran into him praying and reading his Bible and felt prompted to get up and walk in a certain direction—the very direction where we were walking to share our faith! He came to our Bible discussion and has been consistently studying the Bible!

### THE LORD IS WORKING!

As we look back on February, one thing is clear, God is building something beautiful across Eastern Europe. New disciples have been baptized. A wandering brother has been restored. Guests are studying the Bible with sincerity. Campus ministries are launching. Faith is growing in the middle of snowstorms, transitions, and challenges. We are constantly reminded that this mission is not powered by perfect circumstances, but by faithful hearts. Whether through a mood board night, a climbing gym invitation, a farewell gathering, or a park conversation prompted by prayer, God is orchestrating far more than we can see. Thank you for your prayers, encouragement, and partnership. You are part of every baptism, every restoration, and every open heart.
