

ONE MISSION, MANY NATIONS

REVIVEE 6.0

March has been a powerful month across ReviveE 6.0, and it’s been incredible to see how God is moving in so many different places. From Moldova to Romania, Bulgaria, Hungary, and Croatia, we’ve seen lives changed, faith strengthened, and new connections built in ways that only God can orchestrate.

What’s been especially encouraging is how often the “small” moments—an invitation, a conversation, a simple event—have turned into something much bigger. Whether it’s someone coming out for the first time, stepping into a Bible study, or making the decision to follow Jesus, God has been working through it all.

We’re excited to share some of the highlights from this past month and give you a glimpse into what God is doing across the region.

MOLDOVA!!

ALEXANDRA MICHÎȘOR

There's something powerful about simply being together, we got to experience that in a really special way. A family from the church opened their home to the NextGen group for a game night. The evening wasn't just about games (though there was plenty of laughter and fun). It became a moment of real connections, conversations, shared meals, and the kind of joy that comes from being surrounded by people who genuinely want to be there. What stood out most was the heart behind it all. So many people showed up with a desire not just to have fun, but to be present, to build relationships, and to grow together. We're grateful for spaces like this, where faith and fellowship come naturally. And we're excited to see how God continues to move through moments that may seem small, but carry lasting impact.

Every year, Women's Day gives us a wonderful chance to celebrate the women in our lives, and this year was truly special! It was so much fun to help organize the event. Many disciples stepped in to help, eager to lead, serve, or contribute in any way they could. We had been praying for this event, asking God to bring guests and He answered beyond our expectations! Even more people came than we had planned, including friends, family, and guests who found out about it online. The evening was full of joy, connection, and encouragement. It was amazing to see how God worked through everyone's efforts and how He brought people together for this celebration. We are so thankful for the chance to share this special time and see His presence among us.

After years of Revive being active in Chișinău, we've learned that certain types of events truly connect with people and quiz night is definitely one of them! This month, we hosted another quiz night! Organizing a quiz night is never the easiest task, but the effort is always worth it, because the result is an evening full of fun, learning, and community. What made this event even more special was seeing God's hand at work. One brother invited two of his university classmates, and those two ended up bringing another four friends and they all joined the quiz night! It was amazing to see how God can take a small action and turn it into something much bigger!

ROMANIA

ANDREI GANE

The spring is here: the trees are sweetly blooming, the marvelous spring scent is in the air and the water is busy with... saving people? Yes, you read that correctly, this month we gained a new sister in Christ!

Last year, one of the girls studying the Bible left to Canada but, before she did, she invited 2 of her friends to one of our ministry events. One of them, Shafeiska, proceeded to study the Bible and she made the decision to give her live to Christ.

Considering that March was women's month we also had... the women's day event! Many visitors were present there and, among them, there were 2 Muslim girls. Shockingly for everyone, at the end of the event, with tears in her eyes, one of them asked to be invited to every single event we'll have because she adored it! The women were also celebrated by the brothers this past Sunday, being spoiled with a breakfast and a full service from the brothers. One of the older sisters that got restored last year came to me and she said that she never experienced such encouragement!

God moved in many awesome ways this month in the ministry! We started having our intergenerational dinners, where some of the disciples would host a group of people of all ages, for dinner and a short devotional. It was a great way to include some of the more advanced Bible studies into a deeper level of fellowship and hospitality. We had 2 teen events since the last newsletter and the teens started to engage more with the team and with the Alpha Omega ministry at church, ever since these events started! We had Becca's parents, the Roby's and Mia's cousin visiting us this month and they all managed to encourage and to inspire the team and the church.

BULGARIA

DAVID COLE

This month we got to see Nadia become a disciple! This is an incredible story! Six years ago her sister Luba, was baptized on the first RevivEE in Ukraine. From there many have been praying for Nadia. Fast-forward to RevivEE 5.0 in Sofia, Bulgaria where Nadia now lives. She came out to a few events and began studying the Bible, but still had things to work through. This year, she returned with a desire to truly make Jesus Lord, and on March 15, she made that decision. This story shows the perseverance of prayer and God's perfect timing. What was planted years ago has now bloomed, and it's incredible to see how God continues to move.

This month has been filled with a ton of faith building moments. We have also been busy this month with many people studying in the Bible. There have been many days where all of us are in multiple studies throughout the day. This is an encouraging time and a boost of faith for us. Especially after the last month. There are a lot of new people, jumping into studies and wanting to learn more and more about God. It's incredible to see how eager people are to learn about God as well as to see the faith growing.

We had a group of young guns from Denmark come into town. Lisa worked hard in getting things coordinated with them and us. They landed Friday and we were able to take them out to lunch, and then in the evening we hosted a Danish dance night which was a ton of fun! Saturday we had a brunch and then explored the city. We had our game day and then a music quiz night which was a ton of fun! The Danes also taught us a game. Sunday we ended with the famous Mexican Tacos and a nice movie night! It was such a blast to have them in town. It's so encouraging to see the relationships that are being built across Europe!

HUNGARY

LYDIA HARE

We had an amazing Women's Day event where Lena and Nicole did an incredible job inspiring the hearts of so many women for our Sunday service. It was such a great opportunity for the local church members to invite all the women in their lives to come to church, and it was incredible to see how God blessed their efforts by seeing how many women visitors came out. Not only did we have a Sunday service, but all the sisters in the NextGen group came together on Friday night for an amazing paint and praise night where we did crafts together while singing worship songs. It was encouraging that two of the local sisters here stepped up and had this idea to use their talents to put this whole event together on their own, and they did an amazing job!

We got to see Zsombor get added to God's Kingdom! He grew up believing in God, but never took it seriously—always saying, "Maybe someday" when asked about baptism. About a year ago, he began to distance himself from God, even though God was still working in his life. Then one conversation changed everything. Seeing how broken the world was, he began searching for God. He realized how much God loved him and knew he needed Him. Having grown up around the church, he felt a sense of belonging and started studying the Bible in November. As he grew closer to God and understood what Jesus did for him, he was baptized on March 28, 2026—the best decision of his life.

The brothers in the NextGen group went to one of the campus that is a few hours out, for a brother's retreat. It was a great time for them to bond, spend time together, and encourage one another. They had their own Sunday service. We also started our teen-only Bible talk, so that the teens can have something to invite their friends to. It was super encouraging to see how excited they all were to be together and how all of them participated in the Bible discussion. There was a local 7K race where two of our RevivEE members, Nick and myself, as well as a girl who is studying the Bible and her friend who has come out to a couple of events, got to participate in it. It was a great time to bond with the visitors and just have fun together.

CROATIA

ISAAC BIRR

This month in Zagreb, there have been several different things that have happened that have been encouraging and built our faith. We began the month by having a Sisters Encouragement Night. The brothers planned the night with lots of great food and a quiz; there was an award show theme where we all dressed up as if going to the Oscars, we had a red carpet and gave out awards to each sister based on their gifts and talents in the way that they serve.

A little later in the month, we held a Women's Day event called Čajanka, which is Croatian for "tea party." This outreach event was organized by the amazing sisters in our church to reach classmates, coworkers, neighbors, and friends who might not attend a regular Sunday service but would come for tea and fellowship. The hope was that through this, they could meet the body of Christ and be inspired to come to church and begin studying the Bible.

Finally, the Zagreb and Milan campus ministries got to meet up. We have a very close relationship with one another, and this month Milan came to visit us here in Zagreb. It was a great joy for us to all be together and build our faith by seeing the family of believers we have spread all across the world. For those of us on RevivEE it was great to be able to show our friends around the city that we now call home and a super faith-building to build friendships with the Italians. It is a blessing that we have such close relationships across Europe.

THE LORD IS MOVING!!

As we look back on this past month, we're reminded that God is always at work—often in ways we don't expect and through people who simply choose to step out in faith. From new disciples being made to seeds that were planted years ago finally coming to life, it's clear that God is moving across RevivEE in powerful ways.

We're incredibly grateful for all of you who continue to pray, support, and believe in what God is doing here. Your encouragement and faith are a huge part of every story you've read in this newsletter.

EASTERN EUROPEAN CONFERENCE!!

As we step into April, we're full of anticipation for what's ahead—more visitors, more studies, and an exciting conference to close out the month.

This conference is going to be so inspiring! We are expecting to see close to 500 people come out to this conference! We know God is going to move during this Conference!

If you would like to help support people to come to the conference feel free to scan the QR code!

REVIVALL 26

We are getting the next Team ready! We still have a few spots to fill up, so if you are interested, or if you know someone who is interested, please have them submit an application! We are starting the fundraising, so please be praying for that!
