# WHEN FAITH

*Becomes Fruit*

April was a powerful and faith-building month across Revivee 6.0. Throughout Eastern Europe, we witnessed God moving in incredible ways through baptisms, Bible studies, acts of service, growing friendships, and lives being transformed. In every city, God continued to open doors, strengthen hearts, and remind us that He is always at work.

We are especially encouraged to see people from many different backgrounds responding to God's call and choosing to pursue a deeper relationship with Him. Whether through conversations on the street, time spent together in fellowship, serving those in need, or moments of prayer and worship, God used both big and small moments to make an eternal impact.

As one united mission spread across multiple nations, we continue to see how God brings people together with one purpose—to know Him and make Him known. We are grateful to share these stories with you and pray that they strengthen your faith, encourage your heart, and remind you that God is still doing amazing things today.

This month, we also celebrated Easter. It was a meaningful time for us. We remembered the sacrifice of Jesus Christ and His deep love for us. From a Christian perspective, Easter is not just a holiday it's the foundation of our faith. It reminds us that Jesus died for our sins and rose again, giving us new life, hope, and a real relationship with God. Being part of RevivEE makes this even more special. It's powerful to be united in one spirit and to follow one purpose together. Every time we gather feels truly meaningful and inspiring. Even though we come from different countries and cultures, we are learning to be one family, supporting and encouraging each other.

We are so thankful to God for giving us the chance to spend time together. This month, we had a really special time with our NextGen group, and we truly feel grateful for it. It was a blessing to be together like a family. We sang songs to God, prayed, and talked about our plans. It was a simple but meaningful time, and we could feel God's presence with us. We thank God for our group, for each person in it, and for the relationships we are building. It's so important to support each other and grow together in faith.

A new month means a new Quiz, and once again we had an amazing time together and experienced God's blessings! It was so great to see many guests, friends of our students, and familiar faces. We were also happy that many of our students came to support the event it really meant a lot to us.

We are praying for our guests, that we would have the opportunity to truly help people come to Christ, even through simple events like a Quiz. We believe that God can use every moment for something greater.

Although the brothers lost many of the advanced studies in the past 2 months, God blessed our persistence with several people that are hyped up about God in ways that you only hear about in those crazy stories from the 90s: we met David on the street, after Chris was led by the Spirit to stop a person right after finishing a conversation with another. Asked him about the Bible and he enthusiastically said he wants to read it. After offering Bible studies to him, he simply asked “can we do it right now?” - and we did! He is super excited to learn about the Bible and to take following God seriously.

Not being spared by tears, we’re counting the days until this RevivEE year is over but God works relentlessly in spite of that! Spontaneous intergenerational dinners, Shafieska (our last baptism) putting herself out there by sharing faith, men’s night with mici and fun escape room and teen events where we replace the “flag” to “capture the plunger”. A month packed with encouragement and joy

Last but not least, we had another baptism: Cris! Cris was met on the street by Jordan a few months ago and, since then, he’s been showing us the power of prayer since he’s the embodiment of everything we’ve been praying to God for: dedicated, soft to the Word, a great friend that loves to connect with people, vulnerable with everything he’s going through and a refreshing decisional clarity: he’s been wanting to get baptized after the 5th study we had with him! While counting the cost, he exclaimed how he cannot wait to join the church - what he meant by that is that he wants to join RevivEE! It’s amazing to see how people see what RevivEE is doing and taking not as something exceptional and untouchable, but rather how discipleship can be lived out!

Don and Mei Lee got back into town this month which is super encouraging and great. As soon as they landed they were already getting pulled back into everything, and plugged into the various things going on. Don and Mei have such a good heart for the church here and the family. They are always looking for ways to encourage others and bring people into everything.

We also had Henryk & Natalia back in town! They were here last year on the RevivEE 5.0 team. They landed and immediately got to work. They came for an extended weekend, and from the moment they landed they were meeting with people. They wanted to catch up with everyone! They made time with basically every church member and many more. It was such an encouraging time and we are so thankful that they were able to come back and visit.

We also got to have the Chatellier's come back in town! This family is amazing, because every year they take a month to come and spend time in Eastern Europe. This year they spent a majority of their time in Budapest, but they wanted to swing back through Sofia for a visit, and so we were able to get them for a long weekend. These guys were awesome and on fire! We were able to fill their schedules up and they were so involved. Nate in particular was on the move always. Getting time with so many men, and jumping into a few Bible studies as well. I also got to pull their son Ty in a lot. I had Ty and the guys over Saturday night, and that was just a ton of fun! Being able to bond and have fun with each other.

# HUNGARY

HARE

We had a few families from the state of Washington and Idaho come to join us here on RevivEE. It was so encouraging to see their faith and sacrificial hearts to serve here in Budapest even though it was just for a few weeks. For some they took time off work and some were still working virtually while still being a part of the mission. God really set up the times and places for them to join us because Nicole and Pablo wanted to launch the start up of a new young professionals ministry here. We found a place called Graphisoft Park that is a campus full of companies including Microsoft, SAP, Graphisoft, Canon, etc. which were flooded with young professionals. There are a lot of international people there but with the Washington crew in town they were able to share their faith there and have some Bible talks!

On April 5th, Easter Sunday, we had another Zsombor get baptized!! Zsombor was met on the street outside of his university in October by the RevivEE team. A few weeks before he had a big life shakeup happen and from that he committed to trying new things. So when asked if he wanted to study the Bible, he said yes. He came from a non-religious background so a lot of what he read in the Bible, he was reading for the very first time. Soon he decided to attend a church service and was struck by how loving and welcoming the disciples were. He saw that there was something special and different about those people. And what was even more encouraging is that his whole family came to his baptism!

One of the brothers from Washington, Nate Chatellier, who owns some successful businesses, got the chance to inspire the NextGen ministry at a Friday night devo. He had an amazing lesson about having faith over success. He shared vulnerably about some life challenges they had to go through, but how he always kept his joy and his focus on God through it all.

Back in October, two of our brothers went sharing at a university campus they hadn't visited before — small and out of the way. During that time, they spoke with Soorena while he was waiting for an Uber that was just a minute away.

Nevertheless, they shared their faith, exchanged contacts, and didn't hear back from him. It was the only time anyone ever shared at his university. Fast forward five months, and at the end of March, Soorena reached out to ask if the offer of coffee and Bible study was still open. When they met up, it became clear that he had been searching for this kind of biblical teaching and Christ-centred relationships for a long time. From that first meeting, Soorena pursued a relationship with God with his whole heart, and in that time became a friend to the entire campus ministry.

This past month in Zagreb has arguably been our most successful yet, as God blessed us to witness the first fruits of our labour with the baptism of an amazing brother, Soorena. His story of faith is one that I'm sure will inspire you as it has built the faith of those here in Zagreb.

Praise God — after a month of fervently studying the Bible, Soorena was baptized last Sunday. This has encouraged the entire church, as he is the first campus convert who didn't grow up in the church in over 20 years. And he won't be the last. With faithful expectation, we wait for God to do incredible things in the very near future.

# WHEN FAITH BECOMES FRUIT

As we look back on this past month, we are overwhelmed with gratitude for everything God continues to do throughout Eastern Europe. From baptisms and restored faith to new friendships and open hearts, we are constantly reminded that God is moving in ways far bigger than we could have imagined.

Thank you to everyone who continues to pray for this mission, support the churches, encourage the teams, and believe in what God is doing through RevivEE 6.0. Your prayers, sacrifice, and faith truly make an impact.

We are excited about the Eastern European Conference that we will have at the beginning of May! We can't wait to share more about that! We are excited to be coming back together and being able to see God work!

Lastly we are getting ready for our next RevivEE Team! We will be having a name change to RevivALL 26! We are excited about the team that we have so far. Please be praying for the next team!

If you would like to learn more about RevivALL or help support what is going on please check out our website! We also have a Podcast!
