As we look back on this month, one word comes to mind: Encouragement. From gathering together at the Eastern European Conference to seeing prayers answered, people studying the Bible, and lives being changed across multiple countries, God has continued to remind us that He is actively at work. This month was filled with opportunities to strengthen friendships, deepen our faith, and witness His power through His people. I hope these stories encourage you as much as they encouraged us.

Awaken the Wonder

We started off this month with our Eastern European Conference! Awaken the Wonder!!! The RevivEE teams got in a day early and met up for dinner. It was so good being able to see everyone. We were able to reconnect with each other, share good news, and bond so deeply. This was a huge boost for everyone, as we got to really build one another up.

Then we dove into the conference. Seeing brothers and sisters from so many nations and cultures come together to praise our God. It is so incredible to witness and be a part of. Seeing friends reunite, people making new friends, cultures and boundaries disappearing all because of God. It really is a blessing what we have.

There were classes for everyone to attend, over so many different topics. We had amazing speakers for each of these classes that did a phenomenal job.

There was a football tournament, where the team from Poland won, but it was all filled with good sportsmanship and encouragement. And then Saturday Night ended with an incredible worship night where voices were lifted up. Hearing voices from all these people, it was inspiring.

To wrap up and close the conference we had 3 churches celebrating their 30th anniversary, Zagreb, Sofia, and Chişinău. It's incredible to see the disciples from these churches standing firm in the faith! We had over 20 countries represented! Singing Songs, Growing in Faith, Building Unity, and Loving One Another. This was such a great time. When we come to these conferences it's like I'm walking into Heaven's Embassy and getting to see all the other ambassadors! It is a Faith Building moment!

Moldova

ALEXANDRA MICHÎȘOR

This month was filled with unforgettable moments spent together with the sisters from church, and one of the highlights was definitely watching Eurovision together. But honestly, the show itself was probably the least important part of the evening. What made that truly special was the fellowship we shared, staying overnight, praying side by side, eating together, laughing until late at night, singing songs, and simply enjoying each other's company. It's beautiful gathering with people who feel like family, where conversations are free, genuine, and full of joy. God truly blesses us through friendship and relationships within the church. He gives us people with whom we can walk through both difficult seasons and joyful moments together. In a world where real connection is becoming rare, having a spiritual family is such a priceless gift.

Every May, Moldova traditionally hosts the Night of Museums — an opportunity for people around the city to visit museums and become closer to the culture and history of the country. Our NextGen group decided to go together and spend the evening visiting different museums. It was a really good atmosphere and epic time, full of conversations, laughter, and simple moments together. But more than the event itself, the most valuable part was the time we spent together. No matter where we meet or what event brings us together, fellowship and friendship always make those moments special and memorable.

Thank God for spring and for the kind of weather that makes the whole city feel alive again. Spring is also a good season for mission work, for going out together as a team into the streets of Chișinău, meeting people, talking about God, and sharing the Good News. This photo was taken during one of those days in the park. At first everything seemed calm, but little by little we noticed dark clouds coming closer and realized that heavy rain was about to start. Thankfully, God was good to us, and we made it to shelter right before the rain began ;)

Romania

ANDREI GANE

Always look on the bright side of the month and let me tell you, May has been a month of answered prayers. The Bucharest church, decided to participate and transform the month in a Miracle May: we all chose 5 miraculous prayers and we're praying for them every single day, before getting out of the bed. One of my personal prayers was for my best friend to show interest in studying the Bible and, at the beginning of this month, we actually had our first study! Unfortunately, Jordan and Veronica had to leave a bit early, because of reasons related to Veronica's university but God used even this early departure to advance His awesome plan: before leaving, Jordan messaged everyone from his contact list to his last Sunday at the church, when he was supposed to preach. One of the people invited couldn't come but he told his friend to come for him - and this guy came without knowing anything or anyone. He adored everything he saw to the point that he was among the very last people to leave the place.

This month's teen event was ultimate frisbee in one of the central parks of Bucharest and everyone gave their entire energy at sprinting like there's no tomorrow to score. The young guy who came to Jordan's preaching joined us too and the teens were the most engaged. After the event, some of the teens went to take a few running laps around the park with some of us - it was great to see their desire to be present in whatever the body of Christ is doing!

Also an encouraging way in which God is displaying his power is to see how 80% of our young men Bible studies are frequently coming on Sundays without even us reaching out to them to remember or anything, and not just passively looking but actively engaging and loving up on people and looking to build relationships. Nothing builds my faith as much as seeing how people's heart gets transformed thanks to the Word of God!

Bulgaria

DAVID COLE

One thing that was really encouraging this month was part of the Bucharest team came down for their Monday to see us. Jordan, Veronica, Mia, Becca took the overnight bus on Sunday and landed in Sofia Monday. It was an encouraging time and such a joy to see them all. They were able to walk around the city, and then we met up for lunch and were able to talk and have catch up. To close the night out, we had a chili night at the church building, where I made my Texas chili for everyone. We took the Bucharest crew back to the bus stop as they headed back on the overnight bus.

We do have many people currently studying the Bible and getting deeper and growing closer in their relationship with God. A lot of them are learning more and growing closer to God, which is incredible to see. Right now there are a lot of final exams happening for our students. So please be praying that they can do well and still maintain a good relationship with God. We are excited about the next steps and the transitions, we have decided to create an online Bible Study Group for over the summer, since many of our friends live all over the country. So far we have received a great response, and many are excited about this!

We ended this month with a church encouragement night. It was a ton of fun being able to see everyone dress up for the evening. We had a ton of food and fellowship. We had some games for everyone to play that got people to get out of themselves a bit, and created a lot of fun. Then to end the night we had an award ceremony. Giving out awards to each member of the church. It was truly a night of fun and very memorable.

Hungary

LYDIA HARE

We had not only one, but two baptisms this month!!! First, we have Nammy, who was invited by one of the local members at the gym and she came to check out the community. She was amazed because she had been searching for people whose foundation is truly the Bible. She is a woman of convictions - she studied the Bible deeply and chose to put it into practice. Through studying the scriptures, she realized she had never truly been baptized according to the Bible and she decided to make Jesus the Lord of her life!

Then we have Kamilla, she is a 13 year old who was born into a family of disciples. She started studying the Bible after attending a teen camp last year. She truly wanted to dig deeper into the Scriptures — not only studying the character of Jesus, but also learning the fundamentals of Christianity. She took her studies seriously and applied what she learned from the Bible, choosing to reflect Jesus more in her family and among her friends. She made Jesus Lord on May 25.

At the end of this month, the whole RevivEE team got to join the annual Budapest church retreat for a weekend at a place called Vajta. It's a palace a little outside of the city and they have been coming here every year for the past 18 years. All the church members look forward to this retreat every year because it's such a great time of making memories and really live like the disciples in Acts 2. We ate food together, praised/worshiped God together, had lessons every day, prayed together and overall just got spiritually refreshed. The theme of this retreat was to increase our faith and at every lesson we had times to partner up and go through some discussion questions and pray together to really apply what we learned. It was such an amazing and faith building time.

Croatia

MEAGAN ZIEGLER

This month we began to see fruit from the hard work the team has put in over the last eight months. One week we saw 10 visitors at church, which were all friendships we've been building. Of those visitors is a young mom who has been studying the Bible for a few months, and now the father of her child has started his own Bible studies. It has been encouraging to watch relationships that started with simple conversations grow into genuine friendships centered on God. Moments like these remind us that God is working behind the scenes, even when we cannot immediately see the results.

May ended with a big celebration of a new sister in Christ, Dayanara! She found the church through our social media page and has been studying the Bible for the past 6 months. Because of her desire for God, her husband has grown in a curiosity to seek God. We are so excited to see how God is going to continue restoring families. Her baptism was a joyful reminder that God can use many different avenues to reach people who are searching for Him. It was inspiring to see the faith of the church strengthened as we celebrated what God has done in her life.

Closing

As May comes to a close, we are incredibly grateful for all that God has done. Whether through answered prayers in Romania, baptisms in Hungary, growing Bible studies in Bulgaria and Croatia, or the unity we experienced at the Eastern European Conference, God continues to move in powerful ways throughout Eastern Europe. Thank you for your prayers, encouragement, and support. Your partnership makes it possible for us to serve, build relationships, and help people grow closer to God. Please continue praying for the students finishing exams, for those studying the Bible, and for many more opportunities to share the hope found in Christ. We are excited to see what God has in store for the months ahead.

We are getting so close to launching RevivALL 26! There are still a few things that we are getting in place, the biggest help we need right now is, fundraising for our Eastern European Volunteers. We have many brothers and sisters from these countries that want to join this incredible opportunity! If you are able to help, or if you know someone that would be able to help please consider donating!
